

D20507H vehicle low voltage wiring harness

D20507H vehicle low voltage wiring harness

- 1. Terminal crimping, wire connector in line with QCn29009, QCn29010
- 2. Automotive chip connector technology in line with QC / T 417-417.5
- 3. The basic dimensions of the wire conform to the relevant regulations of QC / T29016
- 4. The remaining performance in line with QC / T 29016 automotive low-voltage wire harness technical conditions
- 5. Bellows of the closure of the phenomenon of no exposed, the use of wear-resistant ultra-light flame-retardant bellows
- 6. All waterproof plug no shedding, missing phenomenon
- 7. All wires comply with the relevant requirements of JASOD611

Low - voltage wire harness vehicle wiring harness harness processing
